To know the Russian North!

2014 July 25 – August 12

Tyumen – Tobolsk – Khanty-Mansiisk

Academic Experience

Our International Summer School offers North relevant courses focusing on history, environment, economics and culture of the Russian North. The idea of the School is a multidisciplinary approach to the development of the northern territories of Tyumen Region.

To know the North means to study it!

Field Trip Experience

Our field trips offer opportunities to visit sites related to the School curriculum, to extend students' knowledge about the North out of class. The students can see how history, environment, industries, business and culture co-exist in the Russian North.

To know the North means to explore it!

Cultural Experience

Our schedule offers a rich variety of cultural and social activities and events, which help international students to learn how to live and make fun in the North.

To know the North means to experience it!

Unique Tour Experience

Our International Summer School includes the unique opportunity to travel to the Russian North by bus, train or ship, to see the historical and archeological sites, to stay with the Northern indigenous peoples and to build a network with Russian young people, researchers and businessmen who will get together for the Youth International Forum "Road of Friendship"

To know the North means to become a part of it!

Professional Experience

The result of the 3 week North experience is the individual project "My way to the North" in which the students can present some ideas of their future participation in the North development under the supervision of experienced researchers, businessmen and political leaders in their areas of interest.

Academic program:

- Historical Geography of the Northern Territories (Tyumen Region)
