

**Leibniz
Universität
Hannover**

The **DFG Research Training Group "Analysis, Geometry and String Theory"** is offering a

Post-doc Position in Mathematics / Physics (f/m) EntgGr. (Salary Group) 13 TV-L

starting from 01 October, 2009. The appointment is limited to two years.

Applicants are required to have a PhD in Mathematics or Physics. They should have expertise in Analysis, Geometry or Mathematical Physics.

Applications by candidates with interdisciplinary research experience are particularly welcome. The successful applicants are expected to contribute to the teaching program of the research training group.

As an equal opportunities employer, Leibniz Universität Hannover wishes to support women in the context of statutory requirements. For this reason suitably qualified women are specifically invited to apply. Severely disabled applicants are given preferential consideration in the event of equal qualification.

Please send your application with the usual documentation (curriculum vitae, a description of your research interests and a list of your publications) compiled in one single pdf document to: grk1463@math.uni-hannover.de
In addition, please arrange for two letters of recommendation, also by e-mail.

The closing date is May 30, 2009.

For more details about the Research Training Group please see the website
