

The **Faculty of Mathematics and Economics at the University of Ulm** invites applications for

**a full professorship in
“Risk Management”**

as soon as possible.

Candidates are expected to have a track-record of publications in leading international journals and to contribute to the research activities of the faculty. Possible areas of specialization are enterprise risk management, financial risk, insurance, or technology and process management.

The professor is expected to teach at the bachelor and master level in the study paths management and economics, mathematics and management, and finance.

Conditions for appointment are a completed course of studies at a university, pedagogical aptitude, doctorate and additional academic achievements (§ 47 LHG).

The University of Ulm is committed to increase the share of women in research and teaching positions and therefore explicitly encourages female candidates to apply.

Applications with the usual documents (including CV, teaching experience, reprints of the three most important publications, and a list of the most important third party projects including their financial volume, as well as copies of academic degrees and relevant certificates) are due by **September 15, 2011** to the Dean of the Faculty of Mathematics and Economics, Prof. Dr. Paul Wentges, University of Ulm, D-89069 Ulm, (Phone ++49 731 50-23500, Telefax +49 731 50-23610). In addition, please send all documents in electronic form (E-Mail: mawi.dekanat@uni-ulm.de). For further information about the faculty, please consult our homepage: www.uni-ulm.de/mawi. Please indicate on the **envelope the index number 59**.

Physically disabled applicants receive favourable consideration when equally qualified.
