Austria

- Vienna - Technische Universität Wien (Computer Science - Jiang)

Partner universities without faculty affiliation

Partner universities without faculty affiliation

In addition to the partner universities of our faculty, there are also **partner universities of the university without faculty affiliation**. An overview of these **42 additional partner universities in 13 different countries** can be found [here](#) by selecting "Institutions without faculty affiliation" under Faculty.

Application

These include universities from Australia, Brazil, France, Gabon, Japan, Canada, Mexico, the Netherlands, Norway, Russia, Taiwan, Turkey, and the USA.

Documents for the application

Documents for the application

1. Letter of motivation

Documents for the application

1. Letter of motivation
 - up to three justified choices of university

Documents for the application

1. Letter of motivation
 - up to three justified choices of university
2. CV

Documents for the application

1. Letter of motivation
 - up to three justified choices of university
2. CV
3. Transcript of Records

Further considerations

- At least one completed year of study before beginning the stay abroad

Further considerations

- At least one completed year of study before beginning the stay abroad
- Sound basic language skills in the language of instruction

Further considerations

- At least one completed year of study before beginning the stay abroad
- Sound basic language skills in the language of instruction
 - usually at least a B1-level, exceptions possible

Further considerations

- At least one completed year of study before beginning the stay abroad
- Sound basic language skills in the language of instruction
 - usually at least a B1-level, exceptions possible
- Possibly problematic: the summer terms in most host universities start considerably sooner than ours

Further considerations

- At least one completed year of study before beginning the stay abroad
- Sound basic language skills in the language of instruction
 - usually at least a B1-level, exceptions possible
- Possibly problematic: the summer terms in most host universities start considerably sooner than ours
- Inform yourself about possible host universities, their language of instruction, and offered courses

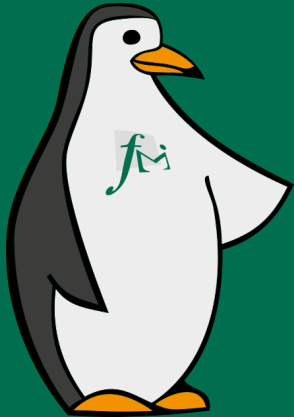

**The deadline for the application is the
15th of December.**

Applications for the summer term are also to be handed in until this date.

Teaching degree internships in schools with the ZfL

Questions?

Expert panel in SRO

- Questions can be asked of students who have already been abroad with ERASMUS+
- Several represented countries

**Thanks a lot to
the lecturers!**
