

Poster 3: Automatic street graph construction in sketch maps

Klaus Broelemann, Xiaoyi Jiang and Angela Schwering
University of Münster

Motivation

- ▶ Goal: Sketch map understanding and processing
- ▶ Map registration / alignment as possible task
- ▶ Our contribution: Street graph construction from images of sketch maps

Have a look at our poster no. 3

- ▶ See how graphs can be constructed from sketch maps
- ▶ Discuss about further steps
 - ▶ Possibilities and challenges for graphs in this application
