CALL FOR PAPERS

The First International Workshop on Mobile Multimedia Processing (WMMP 2008)

In Conjunction with
The 19th International Conference on Pattern Recognition 2008

December 7, 2008, Tampa, Florida
Tampa Convention Center

Scope:

The motivation of this workshop is to timely address challenges in applying advanced pattern recognition, signal, information and multimedia processing techniques, and new emerging technologies in networking and communication to mobile systems, given the proliferating market of mobile and portable devices. The proposed scope of this workshop includes, but not limited to, the following areas:

- Mobile speech, image and video processing, mobile surveillance and vision system
- Medical, Biometric, authentication and security technologies
- Mobile navigation, content retrieval, context aware applications
- Multimodal interfaces, filtering, visualization, personalization techniques and recommender systems for mobile devices
- Entertainment applications in mobile environment
- Networking and communication technologies for delivery of media to mobile devices
- Mobile multimedia applications in geospatial information systems

The intended audiences of this workshop are primarily researchers in traditional pattern recognition and information processing techniques wanting to extend their work in the mobile domain, and those researchers in mobile and cross related fields wanting to explore latest achievement in pattern recognition field to expand their work.

Paper Submission:

Papers must be written in English and should be no more than 8 pages in the LNCS (single column) format. Paper submission instructions can be found at workshop website: <http://cvpr.uni-muenster.de/WMMP2008/>. *Duplicate submission to both WMMP and ICPR is allowed provided that one submission is withdrawn if both are accepted. Notice of duplicate submission must be indicated on the paper.*

Registration and Publication:

Attendees can register for the Workshop only for \$120 without having to register at the ICPR conference. All accepted papers will be published in the Workshop proceeding on CD-ROM. A post-workshop book with extended version of the workshop papers will be published by Springer in the [LNCS State-of-the-Art Surveys sub-series](#).

Important Dates:

Paper submission:	July 10, 2008
Author notification:	July 31, 2008
Workshop registration:	Aug. 8, 2008
Final manuscript due:	Aug 15, 2008
