- (2) email address and phone number
- (3) preferred counsellor (male/female/no preference)

b) Purposes of data processing

The personal data listed above (see 3. a), (1)-(5)) is collected and processed for the primary purpose of establishing contact between you and the ZSB. This contact is established in person, by phone, via email or contact form. The processing of the personal data listed above (see 3. a), (1), (2) and (5)) in the ZSB appointment calendar is required to efficiently organise and conduct the consultation session (or subsequent consultation sessions).

The consultation is documented (see 3. a), (6)) in order to better recognise thematic developments and professionally accompany the consultation process. The documentation is password-protected and saved in encoded form. The encoding is saved separately with a password together with the personal data (3. a), (1)-(2)).

c) Legal basis for processing personal data

Your consent serves as the legal basis for processing your personal data listed above by the University of Münster, as stipulated by Art. 9 (2, 1a) GDPR.

d) Further recipients of your personal data

The counselling provided by the ZSB is confidential. Your personal contact data (3. a), (1)-(3)) may be viewed by the staff of the ZSB. In order to ensure the quality of our counselling services, it may be necessary to share your personal data within the ZSB (e.g. for purposes of supervision, making arrangements, transferring responsibilities internally, clarifying responsibilities etc.)

Your personal data will neither be shared with other recipients within the University of Münster nor with recipients outside the University (barring the endangerment of self and others) without your explicit consent.

Should it become necessary or desired to share your personal data collected in connection with psychological counselling to recipients at or outside the University of Münster, we will seek your explicit consent (in written form).

e) Data processing in the case of virtual counselling

Psychological consultation may be conducted virtually via video communication upon mutual agreement. The ZSB uses Zoom X to conduct such virtual consultations, to which it adheres to its respective [data protection policy](#). For each psychological consultation, the counsellor opens a new virtual counselling room in which all content is protected with end-to-end encryption.

f) Duration of storage of personal data

Your personal data is erased six months following your consultation appointment as marked in the ZSB appointment calendar. Documentation of the discussions with the ZSB counsellors who are certified psychological psychotherapists is stored for a duration of ten years after the final consultation session. This period is based on legal obligations regarding record-keeping and duty of documentation which apply to all psychological psychotherapists and which are governed by the European Psychotherapy Act and the Rules of Professional Practice for Psychological Psychotherapists. With regard to the other psychological counsellors at the ZSB, our rules on the storage of personal data are based on the Professional Code of Conduct of the German Psychological Society (DGPs) (No. 5.3, par. 13); <https://www.dgps.de/index.php?id=85#c2001832>). These guidelines recommend that personal data be kept on record for five years.

You may withdraw your consent to the storage of your data at any time. Your personal data will then be promptly erased unless there are legal reasons which justify the continued storage of your data. Withdrawal of consent does not result in any adverse consequences to you.
