

## Ana (Erasmus Student from Granada)

"Following a dream: just Münster. When was the last time that you were afraid of something? For me, it was some months ago, when my adventure started. Suddenly, I found myself out of my comfort zone: in a different country, far away of my family and friends, far away of my home, Granada. Soon I began discovering Münster, its historical center, Promenade, Aasee... I met a lot of new and kind people, some of them were in the same

situation as me. I got also support from my colleagues, professors, supervisors, my coordinator and flatmates, so I have never felt alone. As far as I came here, I haven't stopped learning something new almost every day. Moreover, the Uni is well organized and you can learn by practicing, not only learning by heart, which is quite useful.

Furthermore, I have realised that my languages skills have improved. Now I know that this year has become in one of the best experiences of my life and I would be regretted if I had gave up my dream of doing an Erasmus. So next time you have doubts about doing something that requires going out of your comfort zone, just think, maybe you are going to lack the experience of discovering a new world, maybe you are going to miss the treasure of Münster."
