

## **Module II.3 Systematic Perspectives: Linguistics (10 LP)**

The module Systematic Perspectives offers a deepening of the learning content of the first semester with a self-selected content focus in the field of linguistics through the seminar. In addition to the chosen seminar, the Advanced Academic Skills course offers methodical support and consolidation of scientific work.

### **Seminar (7 LP)**

As part of the seminar, students are required to give a **graded 20-minute project presentation** and complete a **2,000-word written project summary**. The summary is required for completion of the course but is not graded.

### **Advanced Academic Skills (3 LP)**

The chosen seminar is complemented and supported by the Advanced Academic Skills course, in which scientific working methods in text production and presentation are practiced. Additional emphasis is based on student needs and may include, but is not limited to:

relevant practices of advanced academic work and writing

working with professional databases

opportunities and challenges of academic work in the course of the digital humanities

The QISPOS exam numbers for this module are:

18001 Seminar Language and Linguistics

18002 Academic Skills
