

How to write a term paper?

Workshop

Fr. 10. Jan. 12:00-16:00

Stadtstr. 21, R. 2.10

This workshop introduces the basics of writing a term paper in social anthropology. How can I find literature and identify academic debates that relate to my topic? In which ways can an argument be framed and a term paper structured? What effects are created by different forms and styles of writing?

The workshop is part of the MA in Social Anthropology. Please submit 1-2 sentences describing the idea/topic of your planned paper together with your registration, if possible. To receive peer feedback on your writing during the workshop, please send a sample of your writing (max. 2-3 pages) to be circulated among participants.

Participants should register with: schleiter@uni-muenster.de (Dr. Markus Schleiter).
