

# Join the **B**io-based **I**nnovation **S**tudent **C**hallenge **E**urope 2024!

## WHAT IS THE CHALLENGE ABOUT?

The BISC-E is a Europe-wide student competition to stimulate entrepreneurship and award excellence. The BISC-E seeks to raise awareness and involve students in the transition towards a bio-based economy. You will be addressing relevant technological, environmental, or societal challenges with innovative bio-based solutions.

## WHO CAN TAKE PART?

The registration is open to all bachelor and master students who are enrolled in a university or a university of applied sciences.

## WHY TAKE PART?

Become a part of the solution. You will be solving real bioeconomy issues and your team will have a chance to win 5,000 EUR prize money.

Apply until  
**19 November 2023!**
