A minimum grade of 10/20 is required to pass each of the course units of the proposed programme.</p> <p>The overall classification derives from the relation between the distribution of the final grades of the cohort of students that graduated during the 5 previous years of the programme, and each student's final grade, along the intervals A, B, C, D and E. Each of these intervals includes, respectively, 10%, 25%, 30%, 25% and 10% of the cohort of students.</p> <table border="1" data-bbox="488 562 1525 725"><thead><tr><th colspan="2">European Scale of Comparability of Classifications</th></tr><tr><th>Grade ESCC</th><th>% of Students</th></tr></thead><tbody><tr><td>A</td><td>10</td></tr><tr><td>B</td><td>25</td></tr><tr><td>C</td><td>30</td></tr><tr><td>D</td><td>25</td></tr><tr><td>E</td><td>10</td></tr></tbody></table> <p>Professors may contemplate other elements, like class attendance and participation, to add to exams and essay grades, which can affect the student's final grade.</p>	European Scale of Comparability of Classifications		Grade ESCC	% of Students	A	10	B	25	C	30	D	25	E	10
