

CERTIFICATE NORTH AMERICAN STUDIES

WHAT IS IT?

If you are interested in learning more about North America—its cultures, peoples, histories, languages, its global significances, and entanglements—then the **interdisciplinary Certificate North American Studies** may be what you are looking for.

With the certificate, you can choose a **focus of study** both within and outside of your regular course work. This means that you will not only be able to select courses as well as certificate-specific formats (such as summer schools, internships, or a semester abroad) from within your own department but also explore the course catalogue from other departments.

HOW DO I GET STARTED?

Simply **download the module description and the module book** from our website and start documenting your classes. A formal enrollment into the program is not required.

HOW CAN I CONNECT WITH OTHER STUDENTS?

If you would like to connect with other students pursuing the certificate or you just want to be up-to-date when it comes to events, internship opportunities, and more, you can join our **Learnweb course** by [emailing](#) us to let us know that you are interested.

WHO IS IT FOR?

The certificate is open to all **B.A., M.A., and M.Ed. students** of one of the three participating departments: **Educational Sciences** (FB 06), **History/Philosophy** (FB 08), and **Philology** (FB 09). As long as you are still enrolled at the Uni Muenster, it can be completed at any given time.

WHY?

If you are considering focusing on North America during your studies, the certificate can help you **connect with like-minded students** and encourage you to paint a broader, more complex picture of North America.

Ultimately, the certificate can help you **stand out** within today's job markets and facilitate networking opportunities.

PARTICIPATING RESEARCH AREAS

American Studies | Book Studies | German-American Educational History
North American History | Transatlantic Literary History
