Application for Childcare Allowance (Student Parents)

Please note: Students can apply for a childcare allowance of up to € 150 per semester and must reapply every semester for further financing. The allowance may only be used to cover the cost of childcare outside the times when the child is normally at day-care and in emergencies. In emergencies, the application can be submitted after the childcare service was provided. Please submit the approved application together with the invoice specifying the exact number of hours of provided childcare at the end of the semester. For more information, please read the corresponding info sheet.
