

OCC Retreat

09.05 -11.05.2011

Landhaus Rothenberge

Monday, 09.05.2011

10:00 **Arrival**

11:00 **Welcome**

11:10 **Petra Hille** Information about the Retreat
OCC Development

11:20 **Jan Wiltschut** The variety of neural learning

12:00 **Lunch**

13:30 **Mark-André Voss** Learning disparity tuned feature-selective
simple V1 like cells

14:10 **Katharina Havermann** Learning signals in saccadic adaptation

14:50 **Maren Lange** Synaptic plasticity in the lateral Amygdala in
GAD65-deficient mice

15:30 **Coffee Break**

16:00 **Timo Daldrup** The role of the extended amygdala in fear
and anxiety

16:40 **Manuela Cerina** Elucidation of KCNQ-channels role in thalamus

17:20 **Pawan Bista** Modulation of TASK channels in the
thalamocortical relay neuron

18:00 **Dinner**

19:00 **Prof. Dr. U. Eysel** Visions of adult cortical plasticity

OCC Retreat

09.05 -11.05.2011

Landhaus Rothenberge

Tuesday, 10.05.2011

08:30 Breakfast

09:20 Benjamin Zipser

Shaping of animal personalities during adolescence

10:00 Vanessa Kloke

The influence of a stimulating environment on cognition, emotion and behaviour of serotonin transporter knockout mice

10:40 Svenja Wulff

Eye position affects saccadic adaptation in macaque monkeys

11:20 Stefanie Theusner

A two-stage model of the perception of biological motion

12:00 Lunch

13:30 Dominik Grotegerd

Discrimination of psychiatric disorders using fmri pattern classification approaches

14:10 Annuschka Eden

Neuro-anatomical and behavioural differences between high and low-anxious subjects- Emotional word learning as a trait marker for anxiety disorders

14:50 Maimu Rehbein

Effects of individual differences and social stress on emotional perception and affective associative learning

15:30 Coffee Break

16:00 Dr. Ivan Chakalov

The role of the context on auditory stream segregation process, MEG study

16:40 Evangelos Paraskevopoulos

Musical training effects on statistical learning of tone sequences

17:20 Anja Kuchenbuch

Electromagnetic correlates of musical expertise in processing of tone patterns

18:00 Dinner
