

STUDY NORTH AMERICA AND GET CERTIFIED!

Interdisciplinary Certificate North American Studies

ABOUT the Certificate

The Interdisciplinary Certificate North American Studies offers students the unique opportunity to create and document a special emphasis on multi- and interdisciplinary approaches to studying North America: its cultures, peoples, histories, languages, and global significances. Two modules encourage students to critically engage with North America in their regular subjects and course loads as well as in certificate-specific formats, such as summer schools, internships, and semesters abroad.

- ✓ Intellectually challenging and practice-related
- ✓ Disciplinary and interdisciplinary perspectives and skills
- ✓ Directly enhances your qualifications profile for various careers

Getting Started

Start documenting your concentration in North American Studies today by downloading the module descriptions and the module book. A formal enrollment into the program is not necessary.

Online Resources

Read and download module descriptions, the module book, current courses, special events, and more on our website:
