

# Dr. Jie Li

## Curriculum vitae

### Contact details

---

Phone:	+49 251 83-36702
E-Mail:	jie.li@uni-muenster.de

### Professional Experiences

---

Since 5/2012	— Leader of the junior research group " Development of new cathode materials with controlled particles through scalable synthesis route for lithium ion batteries" (3+2 years, 2.5 M €) — Leader of cathode competence area in MEET MEET Battery Research Center, University of Münster, Germany
09/2009-04/2012	Postdoc --- Cathode materials MEET battery research center, University of Münster, Germany
10/2007-09/2008	MIT, USA --- Computational method and in-situ UV-Vis test
06/2006 - 08/2009	Xiamen University, China --- Electrolyte additives and in-situ DEMS
09/2003 - 05/2006	Xiamen University, China --- Cathode materials

### Education

---

10/2007-09/2008	Joint PhD candidate, Dept. of Material Science and Engineering, Massachusetts Institute of Technology, U.S.A Academic advisors: Prof. Gerbrand Ceder, Prof. Ying Shirley Meng
09/2002-12/2008	Ph.D. in Physical Chemistry Dept. of Chemistry, Xiamen University, P.R. China Academic advisor: Prof. Yong Yang
09/1998-07/2002	Bachelor of Science in Chemistry Dept. of Chemistry, Xiamen University, P.R. China
