

Reviewer Board

The FEPSAC Organizing Committee likes to thank 238 reviewers from all continents and 34 countries for their support in FEPSAC 2019. More than 900 contributions were blind-reviewed twice so that more than 1,800 reviews were done. Reviewers had to rate the abstracts in four different dimensions on a 10-point Likert-scale and submitted helpful comments and suggestions for the authors. We say thank you to the colleagues listed below:
