Special conditions for people who are exempt from the mask requirement

In coordination with the occupational safety of the WWU, the following rules apply in the libraries of the WWU when dealing with users who do not have to wear a mask due to a medical certificate:

1) The medical certificate must be presented to the library. Obviously inadequate (e.g. non-medical) certificates will not be accepted.
2) Necessary visits to the library (e.g. collection of pre-ordered or return of borrowed books, inspection of non-borrowable media) must be agreed upon with the respective library in advance. In such cases, individual measures outside of normal opening hours must be made in order to avoid a “mixing” of those affected with the “normal users”.
3) Use of the library that requires independent walking around the premises (e.g. use as a place of study or collecting books from shelves) is not permitted without a mask. i.e. users with a medical certificate cannot take advantage of these library services.

The following conditions apply to the library of Sport and Exercise Sciences:

Use without prior registration is not possible.

If possible, please use our scan service or borrow on pre-order with a separate appointment.

However, we only grant access to the library after a binding appointment has been made in advance. Possible time slots outside of normal opening hours are:

Mo – Fr 9 a.m. to 10 a.m. or 3 p.m. to 4 p.m. (provided that personnel is on side)
