2		Work Experience	<input checked="" type="checkbox"/> m <input type="checkbox"/> e	3	90																					
<b>4</b>	<b>Content of Module:</b> In a preparatory session, special needs and formalities of the traineeship are explained as well as the necessary terms and conditions on how to prepare the report of the internship. After completion of the internship, all students will be asked about their experiences. The student is personally responsible for a successful internship and should follow the regulations of the host organization. The module coordinator will help students to get in touch with potential locations if required. The internship must take 90 h present attendance. It can be carried out during or outside the semester. Seminar preparation and retrospection can be supplemented by E-learning elements of the Career Service.																									
<b>5</b>	<b>Learning Outcomes:</b> The module aims to provide students with the knowledge and tools needed for understanding and reflecting on the workloads in an actual job. It is meant to help students apply their theoretical knowledge in a working environment and to acquire new practical experience that can be transferred to further studies. The internship can be viewed as an opportunity to gain ideas for one's own Bachelor thesis as well as useful contacts with potential employers.																									
<b>6</b>	<b>Options within the Module:</b> none																									
<b>7</b>	<b>Type of Examination:</b> <input checked="" type="checkbox"/> Final Module Examination <input type="checkbox"/> Module Examination <input type="checkbox"/> Component Examinations																									
<b>8</b>	<b>Degree-Relevant Examination(s):</b> Number and form (e.g. written examination, oral examination); assigned to course no. <sup>14</sup> : Report of the internship			<b>Duration or length</b>	<b>Weighting of grade for module grade in %</b>																					
				15 pages	0 %																					
<b>9</b>	<b>Required Coursework:</b> Number and form; assigned to course no.:																									

<sup>13</sup> SWS (Semesterwochenstunden) = hours of instruction per week

<sup>14</sup> Not applicable to final module examination

10	<b>Requirements for Obtaining Credits (CP):</b> The credit points of the module are awarded when the entire module, i.e. all degree-relevant examinations and all required coursework, has been completed successfully.	
11	<b>Weighting of Module Grade in Calculation of Final Overall Grade:</b> 0 %	
12	<b>Admission to Module:</b> none	
13	<b>Attendance:</b> Attendance is determined by the host organization.
