

Finding a book in the catalogue:

„A student’s introduction to English grammar“ by Rodney D. Huddleston.

1. Look up the newest edition in the catalogue.
2. Note down the different locations and the appropriate shelfmark.
3. Go and look for the item in the open stacks in the basement (Magazine) and the Textbook Collection (Lehrbuch-Magazin) while exploring the library.

Certification

Do you need certification that you have completed the audio tour?

You can take part in our online test (only students and other members of the WWU). The questions in the Learnweb refer to the eleven stopping points of the main tour.

To log in to the test, you will need your university network account (your so-called WWU-Kennung) that you received when you enrolled at the university.

If you have passed the test, we will send you an email and you can download your certificate. Please note that we need one or two working days to send you the email.

You can access the test at www.ulb.uni-muenster.de/en/tests/audiotour

Login: university network account (WWU-Kennung), e.g: j_knis01

› Exploring the
University Library

Welcome to the audio tour at the University and Regional Library Muenster

With this audio tour, we would like to introduce you to our most important services. You will learn how to get your library card, how to find books and journals, and how to use online resources such as electronic texts and databases. (www.ulb.uni-muenster.de/en/audiotour)

The tour is divided into two categories.

The standard tour consists of eleven stopping points and provides you with general information about the library. It is up to you whether you follow the recommended order, or choose the stopping points to suit your individual needs and interests. In addition to the main tour there is further information, for example concerning services for people with special needs.

We hope you'll enjoy your stay.

Your library team.
