Exploring the University Library

Welcome to the audio tour at the University and State Library of Münster

With this tour we invite you to discover the ULB Central Library on your own. From station to station, you will not only get to know the rooms, but also hear a lot about our services. Besides, you will learn how to access printed and electronic media. The tour is divided into two categories. The main tour provides you with basic information. Depending on your personal needs, it is up to you to select additional stops on specific topics. We hope you will enjoy your visit.
