

## SALES AND MARKET SPECIALIST (F/M/D)

**Zeon Corporation** is the leading developer and supplier of innovative products, including synthetic elastomers and plastics, focused upon the chemistry of the C4/C5 fractions.

Our Research & Development Departments are continually seeking innovative new products and applications to meet the technical and environmental challenges of an ever-changing world. Through developing cooperative solutions to both present and future challenges, we achieve a high level of customer satisfaction.

At our European headquarters in Düsseldorf, we act as the Sales and Distribution Centre for Zeon Corporation and its global affiliates. To enhance our business in Europe, we are seeking a

### Sales and Market Specialist (f/m/d)

#### Your tasks:

- Support, mentoring and analysis (including market environment) in the product portfolio management of specialty elastomers, thermoplastic elastomers and hydrocarbon resin.
- Be a part of the team to ensure the smooth product management processes, such as budgeting, cost calculation, pricing, stock management.
- Establish and maintain the sales activities with the customers in the area of thermoplastic elastomers and hydrocarbon resin.
- Develop the business in alignment with the technical support from R&D.

#### Your profile:

- University degree in chemistry, business chemistry or industrial engineering with a passion for sales activities.
- First experience in the business/technical area of polymer industry is a plus, but not necessary.
- Good communication skills, flexible, open-minded, self-initiative and team player.
- Fluent in German and English, both written and oral.
- Proficient with MS Office.
- Readiness to travel, mainly in DACH and Benelux region.

#### We offer:

- An interesting and exciting position within a worldwide operating company.
- A motivated and international team, flat hierarchies, and a pleasant and modern working environment.
- Flexible working hours, the possibility of mobile working, and comprehensive training.
- Attractive remuneration package (bonus system, pension scheme, etc.).

#### Contact:

We look forward to receiving your application. Please tell us also the earliest possible starting date and salary expectations. Please contact Mrs. Gudrun Bode, Human Resources Manager Europe, e-mail: [ZE-applications@zeon.eu](mailto:ZE-applications@zeon.eu).
