

Information on Accommodation

→ For International Degree Seeking Students

At the start of the academic year, it is difficult to find a room in Münster. Start looking for a place to stay as soon as possible! Often it is much easier to find a place once you are here. It is best to arrive in Münster a couple of weeks before the semester begins. If you do not have a room or apartment at that point, you should book short-term accommodation like a hostel for the first few days.

Please note: De-pending on the development of the Corona pan-demic, stays in hotels or hostels might not be pos-sible. Be sure to check the official regulations.

Make sure to get in touch with the International Office of Münster University! We will give you support in your search for accommodation. Just contact our online InfoPoint!

Housing opportunities for international students

Wohnheim, WG oder eigene Wohnung?

In addition to privately operated residence halls, the **Studierendenwerk** (student support service) offers furnished and unfurnished rooms.

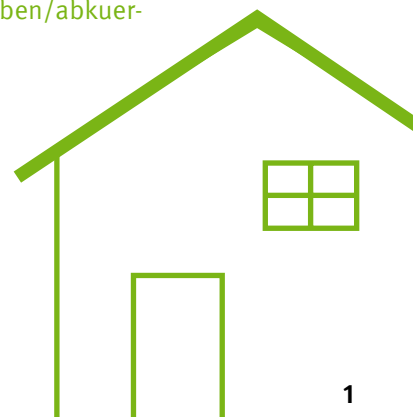

Many students choose to share a private flat with fellow students in “WGs” (Wohngemeinschaften/flat shares). This costs less than renting a whole apartment, you can quickly get into contact with fellow students and use the opportunity to practice German at home!

Living outside of Münster is also a good – and often cheaper – option because you can reach surrounding areas for free with your semester ticket.
